Consulting

Detective Richard Wistocki has been a law enforcement officer for 27 years, the last 21 years dedicated to internet crime. He has authored and updated the State of Illinois Sexting Statute, "SWATTING" legislation and the Sexual Exploitation of a Child law. Detective Wistocki also formed the Will County Illinois States Attorney's High Technology Crimes Unit that made over 90 sexual predator arrests in its first 3 ½ years. He is a regular guest on NBC and FOX News educating the public on cyber crime, and is nationally known for his continuous efforts in protecting children.

The Cop and The Convict

A powerful presentation for parents and their teens.

An unforgettable, thought-provoking presentation that provides teens and their parents insight and education exposing the accidental road to addiction. From junior high school to college students, "The Cop and The Convict" boldly outlines challenges teens face every day. The drug abuse epidemic has continued to grow nationwide in ways we've never seen before. The potency of these drugs, and their availability in our communities and schools is staggering. We owe it to our children, and ourselves **to learn the telling signs and proactive strategies to protect our families** and communities from falling victim.

Rich Wistocki and Tim Ryan truly care about their audience. These presenters have the proven knowledge and resources to beat addiction.

They will stay at your event until every question is answered and the last person leaves.

"To Be Aware, is To Be Alive!"

Sextortion
Truancy
Social Networking
Gaming Platforms
Video Websites
Instant Messaging
File Sharing
Sexual Predators
Financial Predators
and more

"We empower teachers and parents to truly understand and be a part of the technology their children interact with."

-Rich Wistocki

Detective Richard Wistocki is an expert in the area of Cyber-Crime. He is a member of The United States Secret Service Chicago Electronic Crimes Task Force and a member of The Illinois Attorney General's Internet Crimes Against Children Task Force (ICAC).

He has dedicated his career to helping children by tirelessly pursuing, apprehending and prosecuting child predators. But as technology moves forward each day we see the digital world reach further into every aspect of our lives and the lives of our children. **We can no longer protect them without understanding how they are utilizing these new social tools, and without educating ourselves,** and our children on safety, restraint, and caution as it relates to each aspect of their digital activity.

While technology can be a great tool, it can also be a great danger to our children if we do not have the proper precautions in place. We are now living in a world where a few clicks could impact the rest of their lives. We owe it to them to provide support and guidance to help make the correct choices.

Junior High School Presentations

This is a program for Junior High School Students from 5th grade to 8th grade. In today's society, children and teens are using the internet and cell phones at an age younger than ever before. We need to make our children understand the dangers of certain activities while online and **educate them on responsible digital behavior.**

High School Presentations

In this presentation, Detective Wistocki will bring the harsh realities of internet predators, sexting and cyber bullying to the forefront. The **students will hear actual cases involving teens their age** and how these teens fall prey to internet predators. How to protect themselves, and **how to proactively avoid situations that could put them at risk.**
