WISCONSIN STATE CRIME STOPPERS, INC.

October 16, 2025

The Wisconsin State Crime Stoppers Board of Directors welcomes you to the 32nd Wisconsin State Crime Stoppers Annual Meeting and Training Conference! The Wisconsin State Crime Stoppers (WSCS) board of directors realize how important your time is from a personal and professional perspective, so we hope to share information that is valuable to make your local Crime Stoppers program run more efficiently and effectively in making our communities safe and secure for all.

The theme of this year's conference, 'Meeting the Challenges Thru Modernizing', seeks to take advantage of new and innovative best practices from some key Crime Stoppers national speakers bringing their ideas and expertise to the forefront of modernizing your program. Also, the conference itself is one way to network with all the other Crime Stoppers programs throughout the state. Also, learn from others how they interact within their communities and other service organizations to strengthen their local program. We offer numerous networking break times to interact with fellow participants at the conference. Take advantage of this time! That is the beauty of Crime Stoppers: we don't have trade secrets as we are all working to get the Bad Guys! So, sharing information on our successes should be encouraged! We have this opportunity to learn from others by networking!

In addition, over the course of the next several days, you will encounter training focused on how to enhance and improve your local Crime Stoppers program. Some training will provide tools and information in improving the efficiencies and productivity of your program. Other training will challenge you on being a more effective leader with other training sharing some procedural aspects of operating a Crime Stoppers program. All in all, the WSCS believes it has provided a well-rounded training conference allowing you to bring back impactful information to immediately assist in propelling your program forward.

As we have asked in the past, we learn from you what topics and speakers to seek for future conferences. We obtain this information through the evaluation form process we ask each attendee to complete before leaving the conference. We will be once again conducting our evaluation process utilizing Survey Monkey. For those of you that have provided an email address during the registration process, you will receive an email from WSCS immediately following the conference asking the usual questions about the conference, speakers, and future content. Do it at your leisure, however, **we ask it to be completed within two weeks of the conference**. It is simple, easy, and done right over the internet, cell phone or tablet! It most likely will take less than 5 minutes! Please share this information so we can adequately meet your needs for future conferences!

Thank you again for taking time out of your busy professional and personal life joining us for the Wisconsin State Crime Stoppers conference. We hope you find the training informative and useful. Enjoy your conference!

We are planning an interactive training session on Thursday evening regarding Crime Stoppers success stories from local programs in Wisconsin. Please share a success story from your local program that we may share with the group. Otherwise, perhaps there is a story you wish to share that you would like other Crime Stoppers organizations to avoid in the future. Return this form during The Good, The Bad and Ugly training session on Thursday, October 16.

Story topic or experience to share:

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.
