

CRIMESTOPPERS SAFE SCHOOLS LA

Safe Schools Louisiana is the only free program in the state that combines over 30 years of tip-taking and Crime Stoppers' proven work with a direct, personal relationship with law enforcement agencies as part of the prevention team. Taking anonymous tips isn't just an add-on service; it's our passion and a core part of our commitment to keep our students and community safe.

The Problem: Your students know things you don't. Often, this information, if shared, can prevent tragedy, be it at the personal level or the community level. The solution is to give your students the ability to share what they know with people who can prevent the preventable. Safe Schools Louisiana App is vital to protecting your students and faculty from threats of violence!

Safe Schools Louisiana teaches students the importance of their responsibility in crime prevention and advocating for their peers in situations where harm may occur by offering a free anonymous reporting service and educational resources to all Louisiana schools.

Crimestoppers GNO has been a leader for many years in anonymous reporting of information by students, which is provided to school leaders for investigation. Access to this "intelligence" by schools is vital for both prevention and solving threats, crimes, and disciplinary actions. Since launching our new Safe School App statewide, **over 8,600 student tips with follow-ups have been received!**

How It Works:

24/7 answering service of professional call center operators who specialize in Crimestoppers tips. All tips are vetted and processed by our local staff who oversee this resource. Crimestoppers monitors and responds to tipsters in real time, then forwards them to the appropriate authority for investigation.

Safe Schools LA is completely turnkey, providing schools with all components to market, educate, and have authority over the anonymous tip process. Crimestoppers staff handle the data and contact information input, dialogues with tipsters and school staff, statistical reporting, and closing of cases.

Safe Schools LA doesn't stop with just taking tips; we provide educational materials and presentations to help students/parents/faculty learn about ways to stay safe and advocate for their friends!
